**DUNCAN HUNTER  
U.S. Representative**

I am honored to serve you in the U.S. House of Representatives.

American families and workers are impacted everyday by the decisions that are made in Washington, DC. For the last seven years, I have stood on the side of limiting government influence, empowering workers, and allowing families to keep more of their hard-earned money.

With your support, I will continue to promote and defend the best interests of our community and the nation.

As a Marine Corps veteran, I served two tours in Iraq and a third in Afghanistan, and this experience continues to inform my perspective on national security. I firmly believe in the principle of peace through strength, and I recognize America's role as a world leader. I am also an uncompromising defender of our troops, their families and our veterans.

Economically, we also face strong competition on the world stage, but the innovation of the American entrepreneur, the spirit and work ethic of the American worker, and the power of the American economy continue to provide us every advantage. I remain committed to strengthening our workforce and restoring manufacturing jobs. I also oppose borrowing one more dollar from China to finance our debt or new government spending.

Other priorities of mine include: securing our borders and enforcing existing laws; achieving energy independence; eliminating job-threatening regulations and taxes; emphasizing education for a global economy; and upholding core values.

I ask for your support. Together, we will continue the fight for the ideals that make America so exceptional.

**PATRICK MALLOY  
Small Business Owner/ Real Estate Specialist**

**AGE: 49**

It is time to reignite the American dream. Our country has done it before with Eisenhower's interstate highway system and Kennedy's race to the moon. But when was the last time we have seen this inspiration and vision?

As a real estate specialist, Patrick Malloy is expert at seeing the aspirations of young families and making their dreams materialize. And, Patrick has dreams for southern California including investments in infrastructure to repair roads, streamline transportation systems, and even bury power lines to reduce wildfires. Patrick will initiate a bipartisan bill to rebuild crumbling infrastructure and create local jobs during his first month in office.

Patrick's other priorities include: 1) providing one year of free tuition for all seeking vocational education so the talent for rebuilding America will be available; 2) reducing student debt so the backbreaking 7% average interest rate is closer to the 3% government debt rate; 3) enforcing rules against hiring undocumented immigrants so Americans regain their rightful place in the workforce; 4) increase the Federal minimum wage and earned sick leave, and 5) safeguarding Social Security and Medicare.

Patrick's priorities match our community's needs. Isn't it time for inspiration, intelligence and vision in Congress? Patrick Malloy, a proven leader, has all of these. He will be a fresh, thoughtful, positive voice in Congress. Give Malloy a chance, and together we can reignite the American Dream.

Vote Patrick Malloy for US Congress.

**Businessman/Retired Attorney**

I'm a very concerned American. It's apparent there's dysfunction in Washington which is preventing critical work from getting done. I'm committed to helping address and remedy this important problem.

Let's put common sense back in government, including real efforts to eliminate waste and corruption, fix the tax code, balance the budget, replace Obamacare with something better, set policies which encourage economic growth, and constitutionally limit the power and scope of government. Additionally, our Constitutional rights must be protected!

I oppose Common Core and believe elected representatives shouldn't give themselves substantial benefits not shared by the people they represent.

Public safety being the highest of governmental functions, national defense must come first. Our borders must be properly secured and we must significantly invest in and re-invigorate our military. Internally, with illegal immigration and drugs, among other things, our country requires the proper enforcement of our laws.

We need to put "God" back in America as has been our nation's tradition since founded. I believe the current political bias against Christianity and toward Atheism, for example, is discriminatory and unconstitutional.

Positive cultural contributions make our country great; I believe all people should be treated respectfully while upholding our laws and Constitution. I do support English being the official language of the U.S.A.

"We the People" are responsible for who we elect; your vote counts to Make a Difference.

Thank you for your support; I look forward to working for you to get positive things done and Making Our Country Great Again!

**DAVID B. SECOR**

**AGE: 68**

**Retired Superior Court Clerk**

It's a unique year in American politics. Voters across the nation are rising up. They see current establishment politics will never provide opportunity for all the People. They are correct.

The system is rigged. Virtually all political activity is controlled by and intended to benefit not the People, but major corporations, banks, lobbyists and the elite donor class. This flood of contributions has been very effective for them. But for over 30 years, the People have seen wages stagnate, good-paying jobs vanish, families and small businesses stressed to the breaking point. Enough is enough.

My proposal is simple: In Congress, as in life, you work for who pays you. I take no donations from corporations or special interests, only contributions from individuals and none over \$200. My sole employers are the People.

Businesses need customers. Health insurance financially cripples individuals, families and small business owners. As every other advanced nation has learned, only a much cheaper Single Payer Plan removes that burden. A \$15/hr. minimum wage means workers can become customers, too. A much-needed \$1 trillion investment in infrastructure means 13 million jobs in America, using American-made materials.

As a combat veteran (1<sup>st</sup> Air Cavalry Division, Vietnam, 1968-69) I know the ultimate outcome of war in the Middle East, as it was in Vietnam, will be determined by the people who live there, not by a massive U.S. military presence.

We will never see real change unless and until we demand it. Visit [www.secorforcongress.com](http://www.secorforcongress.com)

**MARIE WALDRON**

**Businessowner/Assemblymember**

I Support: Job Creation by cutting taxes and burdensome regulations on working families and businesses; Reliable and Affordable Water supply for our economy, families and farms; Strong Education for success and job training

Proven Taxfighter: Californians are over taxed: the highest in the nation! We must cut gas taxes and create efficient and affordable energy to become more competitive as a state

I Mean Business and Jobs. A small businessowner for 22 years, I understand the impact of unfair government regulations, taxes and fees. That is why I have a "A" Rating by the Howard Jarvis Taxpayers Association. Business growth means success, jobs and employment.

Education dollars should be spent in the classroom to help teachers do their job and students succeed – not on bureaucrats. School choice and competition benefit our students.

Proven Record: As a city councilmember in Escondido for 14 years, I supported a balanced budget, water affordability and protecting individual liberties. Water storage, desalinization and water reclamation are critical for our prosperity as a region. I've continued fighting for you as your State Assemblymember.

As a parent, I'm concerned about our childrens' future. I stand to protect our traditional family values and our veterans for benefits, housing and healthcare.

Active over 25 years in our community and church, I support many local civic organizations, including the Boy Scouts, Little League and YMCA. My husband and I work to create the successful "Cruisin' Grand" hotrod event in downtown Escondido for the past 17 years.

**COUNTY OF SAN DIEGO**  
**Board of Supervisors – District No. 3**

**SAM ABED**

**Mayor of Escondido/ Business Owner**

After years of budget deficits, I ran for Mayor because my city needed an experienced business leader to restore its fiscal health.

I promised to turn our deficit around, and I did. I successfully fought for pension reform, balanced our budget without raising taxes, solved a \$16 million deficit, created an \$8 million surplus and attracted more than 1,000 new jobs and businesses.

I'm running for Supervisor to restore the only thing more important than fiscal responsibility, and that's integrity.

I won't need on-the-job training. I bring 28 years of executive management experience, including 12 years with IBM and 12 years as a Mayor and Councilman to the job. I've also worked on SANDAG's Board of Directors, Regional Planning and Transportation Committees for 9 years.

As your County Supervisor, I'll restore public trust, fight for better roads, strongly support public safety, work for healthy neighborhoods, plan for safe, reliable water and promote economic development.

More than 100 elected and civic leaders endorse my campaign. They know I'll work to make San Diego the best place for our businesses and families.

I love our County. I love our Country. I would be honored to earn your vote.

**COUNTY OF SAN DIEGO**  
**Board of Supervisors – District No. 3**

**KRISTIN GASPAR**

**Encinitas Mayor/Businesswoman**

I'm running to return ethics, accountability, and transparency to county government. It's simple: we should be getting the services we pay for, county government should be protecting our quality of life, and we need to put a stop to elected officials using their office for personal gain at taxpayers' expense.

Who I am: A Mayor who delivered balanced budgets, increased police protection, built a 44-acre park, fought to make sure sand on the coastline was replenished.

A small business owner, who with my husband, took a risk starting a business at our kitchen table. We now employ over 138 local people.

An educator, who coaches and teaches 3<sup>rd</sup> grade civics in my children's public school.

My plan: Demand county ethics reform with zero tolerance for public corruption. Balance the budget with no new taxes. Protect our beautiful parks, beaches, and open spaces. Strengthen law enforcement. Foster economic growth and job creation.

I have been endorsed by Mayor Kevin Faulconer because I'm the reform candidate.

Unethical conduct in government is unacceptable... especially when you pay the bill. I ask for your vote to help me clean up county government.

**DAVE ROBERTS**

**AGE: 55**

**Member, Board of Supervisors, District No. 3**

I am asking for your vote to continue representing you for the next four years.

I've delivered results fighting to protect our county General Plan to stop overdevelopment of our neighborhoods and rural lands, improve public safety, protect our coastline, enhance county libraries, improve animal services, fund more youth sports playing fields, and strengthen fire protection.

As your Supervisor, I helped secure the county's AAA credit rating, implemented affordable solar energy programs creating 5,000 new jobs, preserved 1,200 acres of open space, secured millions for Psychiatric Emergency Response Teams, and launched the Alzheimer's Initiative.

As the father of six adopted foster children, I understand the importance of quality schools and have implemented opportunities for all children to succeed.

I bring over 30 years of real world experience from the public, private and non-profit sectors, where I served as Mayor, small businessman, Pentagon budget analyst, and SAIC corporate officer creating 3,200 jobs.

Please join Assembly Speaker Toni Atkins, State Controller Betty Yee, NBA legend Bill Walton, San Diego Councilmembers Todd Gloria and Marti Emerald, Deputy Sheriffs, San Diego Firefighters, Sierra Club, 125 community and planning group leaders who support my re-election as County Supervisor.

I would be honored to have your vote.

# SAVE OUR TREES

An invasive beetle is attacking many tree species in San Diego County.

Known as the Shot Hole Borer, this pest burrows into a tree's bark, lays eggs and carries a fungus that clogs the tree's vascular system, ultimately killing the tree.

The shot hole borer can attack many types of trees including avocado, landscape, riparian and native trees. Dead and dying trees can affect public safety due to falling limbs, flooding caused by blocked waterways, and increased fire danger.

## BUY IT WHERE YOU BURN IT

Help local, state and federal agencies in their efforts to contain this damaging pest. Insects and diseases can be transported long distances on firewood. Once they arrive in a new location, they can infest and kill nearby trees. Please use locally sourced firewood to help slow the spread of non-native pests, including invasive Shot Hole Borers.

## HOW YOU CAN HELP

- Leave firewood at home; do not transport wood to campgrounds or parks
- Purchase firewood in the area you plan to use it
- Buy wood for home heating from local sources
- Bring only what you need and always burn responsibly
